You HAVE A LEGACY TO LEAD.

2023-2024 Freshman Scholarships and Financial Aid for Nonresidents

A University of Mississippi education is an exceptional investment in your future. The Office of Admissions is dedicated to making it easier to make sure you have all of the information you need to understand the various financial aid programs available.

The cost of attending the university is an important issue to consider for all families, but especially for nonresident students whose parent(s) received a degree from the university. It's important to understand how all types of financial aid are calculated, awarded, and funded.

We offer everything from academic merit-based scholarships to need-based scholarships. Some of our scholarships have demonstrated need, and are often provided for majors: finaid.olemiss.edu/scholarships/ or print the application from the Veteran & Military Services Office.

Cost of Attendance

The Cost of Attendance (COA) is an estimate of the total costs you can expect to incur when you take into account all related costs. The COA is typically higher than the actual costs you will incur, as some costs are beyond your control.

Fees are due each semester, and payment must be made prior to the first class day. If not paid, a delinquent payment status will be assigned.

Contact the Veteran & Military Services Office for more information. Scholarship opportunities may be combined with any other award that specifically pays for the nonresident fee.)

Offered to incoming, first-year, full-time nonresident students who do not have a test score (ACT/SAT) and Fayette Counties in Tennessee must be taken prior to enrollment as a new freshman and resides. Students should use the Southern Regional Education Board's Southern Regional Educational Exchange Program to determine eligibility for ACM. Special academic requirements may apply.
