Applying for Admission

Admission of entering freshmen is based on the completion of the required units of the College Preparatory Curriculum (CPC) with either a specific minimum grade-point average (GPA) or both a specific GPA and minimum standard test score. Students must submit a high school transcript reflecting satisfactory completion of the following CPC. ( Provisional admission may be granted after six semesters of high school if the transcript indicates that courses to complete the CPC are underway. Final admission requires a complete transcript reflecting a date of graduation.) Standard test results (ACT/SAT) should be sent directly from the testing agency.
